### Spanish 3: Strike a Pose

Señora Benner's Spanish Three classes worked on a project this past week called "Desfile de Moda." Students chose groups of at least 5-6 people and planned a fashion show. It seemed to be an easy and fun project. The project helped students practice their pronunciation and review the grammar they learned from last semester. Most students felt like this was a fun way to practice interacting with their peers. Spanish 3 student Mady Wright stated, "I enjoyed it. It was entertaining to watch!"

### Bomber Boys Basketball

On January 4, 2015, the Boys Varsity Basketball team entered the final game against Lowell in the Caston tournament. Before the game started, Lowell fans were very confident and expected to win. At the end of the fourth quarter, the boys were victorious; the final score was 56-47. This was the first time that we have won that tournament. The players each got a square out of the net and a picture with the trophy, so they can remember the day that they made history for the RCHS Boys Varsity Basketball team. Coach stated, "The Caston Tournament was huge step in the right direction for the players and the program."

### Bomber Athletic Club in Action

The newly found club at RCHS known as 'BAC' (Bomber Athletic Club) has been getting a massive amount of support from the school and community to help reach their goals. They are taking part in the Special Olympics Project UNIFY to help raise money for the Special Olympics. They are reaching their goals by having multiple bake sales at different athletic events and have just recently had their first Special Olympics event. On Friday, January 16, 2015 at the girls basketball game, they held a basketball event during halftime for the Special Education kids to get out on the court and have some fun. The Program received many donations that night and the group has nearly reached their goal of 1,500 dollars.

### **Controlled Chaos**

RCCHS Chaos is a small group of students that are given the job of documenting events, actions, and trends of the Rensselaer school body. Our job is to witness, photograph, and display those events, trends and actions in a school yearbook where you can look back on your memories of high school. We work hard on every page put into the yearbook. Each page is created by a member of Chaos, then looked over and revised multiple times by editors to give you the best we can offer. Speak to any member of Chaos or go online to [jostensyearbooks.com](http://jostensyearbooks.com) to purchase your 2015 "Life in Color." There you'll find all the excitement of sports, tedious work in classes, and ever changing lifestyles, of ever changing generations.

### **Wrestlers Attend Hoosier Conference**

The RCCHS wrestling team came home from their Hoosier Conference meet on January 17, 2015 with some very impressive victories. Junior Austin Warren placed third in his weight class. Austin said, "I feel like I could've gotten first, but I missed it by 2. For sectionals, my confidence is higher, and I have a good feeling about it." Tomas Saavedra and John Ohanis both placed second in their weight class. Coming home with an unbelievable first place and a record of now 30-1 is Junior Brady White. Twenty of the thirty wins were pins and seven were forfeits.

Unfortunately he got Mono (Mononucleosis) right after he had won conference in 2014, and he was unable to finish out the season. He has set high goals for himself this year and is hoping to make it to state. The team is heading to Sectionals on January 31, 2015, but in the meantime, they are practicing hard with every intention of improving.
