Unified Track

Unified track is a Special Olympics sports program which allows all high school students to enjoy their favorite athletic activity together without feeling left out. Students with and without intellectual abilities "unify" as one team to accomplish athletic goals. This group of peers spend countless hours practicing to excel at their intense competitions. In January, the dedicated team acquired new uniforms for their upcoming season through a generous donation. This year, the athletes will compete in the IHSAA Unified Track in good spirits. All of the runners this year are extremely exceptional, and RCHS wishes them luck in all of their competitions. The team annually raise funds during the winter for Special Olympics in Indiana. This dedicated team has raised \$800 in funds, and they will continue fundraising until they meet their goal of \$1,500. Please support our devoted Bombers!
